

THE PATH TO MASTERSHIP

From John-Roger from his book *The Path to Mastership*

“Jesus talked about the path to mastership in a very simple way, saying, ‘Seek ye the kingdom of God, and all these things shall be added unto you.’ (Luke 12:31) Living the steps of mastership will lead you to the kingdom of God.”

“You can move your whole consciousness forward by developing these eleven key traits which define the path to mastership.”

John-Roger defined these eleven key traits as:

1. Truth
2. Sacrifice
3. Faith
4. Creativity
5. Intelligence
6. Will
7. Devotion
8. Discipline
9. Service
10. Love
11. Mastership

“As you demonstrate your ability to discern truth, to sacrifice the lesser worlds for the greater Spirit, to live in faith and creativity, to make your intelligence and will useful to you, and to be devoted and disciplined in loving service to all, you have anointed yourself in mastership. Others can only reflect to you that you are there. And if you are there, of course, it does not matter what anyone else says or thinks. So ultimately it comes right back to: ‘To thine own Self be true.’”

“Love is the greatest step of mastership. When loving is expressed, all other aspects of mastership fall into place and blend into the loving. It is the greatest of the keys.”
